EXPLORE Product Features & Workflow Solutions

Customer Workflows

Corepoint Connect is centered around helping customers tell their stories. Learn from others and share your own experiences during presentations and small group discussions.

Product Breakout Discussions

Customize your conference experience by participating in different group discussions on various areas of the engine. Discuss how you leverage the power and flexibility of Corepoint Integration Engine to solve real-world challenges, and submit enhancements you would like to see added to the engine.

Complimentary Access to Professional Services Consultants

Schedule a complimentary meeting with our Professional Services consultants to discuss your current or upcoming projects. We are happy to help you with project planning, answering questions, or solving a specific challenge.

Pre-conference Training

Mon – Tue: Level 3: Corepoint Integration Engine *OR* Rev Your Engine: Leverage the Full Potential of Corepoint
Wed: HL7 FHIR: The Future of Health Data Exchange

IMPACT the Future

Product Roadmap Breakout Discussions

Discover the upcoming features Corepoint Health is adding to its portfolio of products to help you succeed. Join small group discussions and share your feedback.

Scope Details of Customer-Requested Features

Submit your ideas on future features within the engine, vote on the proposed features most important to your team, and help scope the definition of those features.

Direct Access to all levels of Corepoint

From our CEO and CTO, to your favorite Professional Services or Support engineer, Corepoint employees are available all week to talk with you about all your needs.

Don't Get Left Behind

As the healthcare integration industry continues to evolve, it's hard to keep up with all the changes. Corepoint Connect helps your team stay current with industry-leading trends and product solutions.

NETWORK with Healthcare Interoperability Professionals

Collaborate with Industry Professionals

There are multiple opportunities available to meet other Corepoint users who face similar challenges your team does – from EHR and other trading partner connectivity to solving workflow or process challenges. The conference offers platforms for discussion through meals, breakout discussions, and product workflow discussions.

Send questions about Corepoint Connect 2019 to corepointconnect@corepointhealth.com or call 214-618-7000.
